## Moon Foldable Leg Assembly Guide

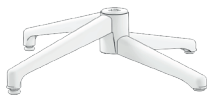

Assembly  
Video

### Content

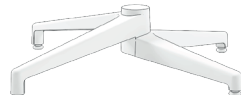

**a)** 1 pc. Table Cross With Mechanism

**b)** 1 pcs. Table Leg

☐ Moon Leg | Small

☐ Moon Leg (V2) | Large

**c)** 1 pc. Aluminum Tube

**d)** 1 pc. Weight Mounted Driftbolt

**e)** 1 pc. Washer

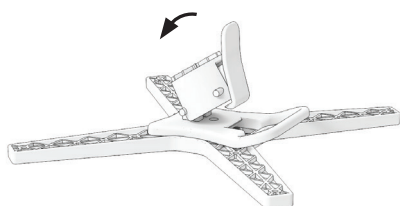

**f)** 1 pc. Fiber Nut

**g)** 2 pcs. Nut

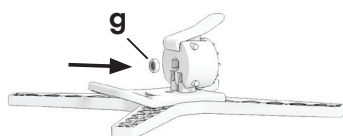

**1** Open the mechanism by lifting the top cover while applying pressure to the mandala print.

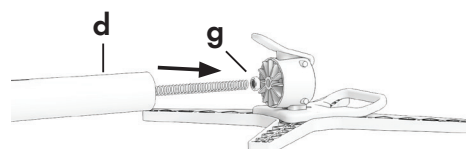

**2** Remove the fiber nut (f), washer (e), and the other nut (g) located on the opposite side of the peg.

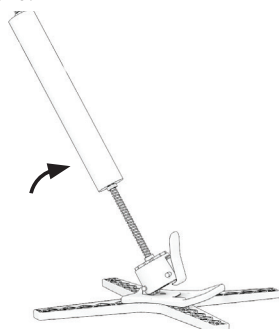

**3** Place the nut you removed into the appropriate location in the mechanism you have opened.

**4** Place the longer part of the peg into the mechanism (a) and secure the cross and peg using the nut (g) remaining on the peg and the nut you placed in the mechanism, using a 17mm wrench.

**5** Close the mechanism that you have secured the peg to with your hand.

## Moon Foldable Leg Assembly Guide

Assembly  
Video

- 6** Pass the aluminum tube (c) through the peg. Then, sequentially attach the table leg (b), washer (e), and fiber nut onto the peg.

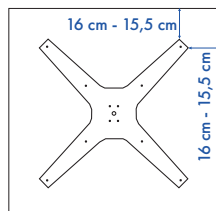

- 7** Tighten the nut (f) with a 17mm wrench.

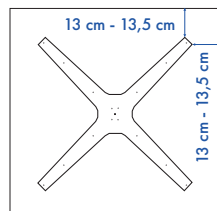

### Templates

The screws are only suitable for compact tabletops with a thickness of 12 mm and are not compatible with dowel-free assembly.
