Content

a) 1 pc. Table Top

a) 4 pcs. Metal Leg

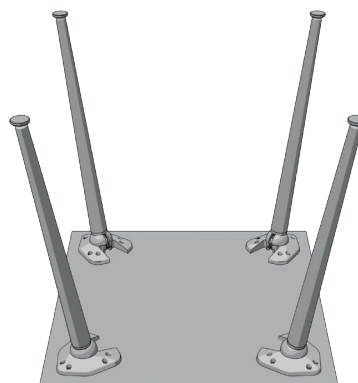

b) 24 pcs. M6x12 Bomb Head Imbus Bolt

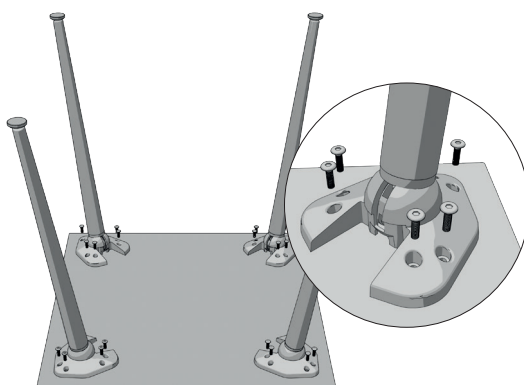

1 Place your table top(a) on a flat surface.

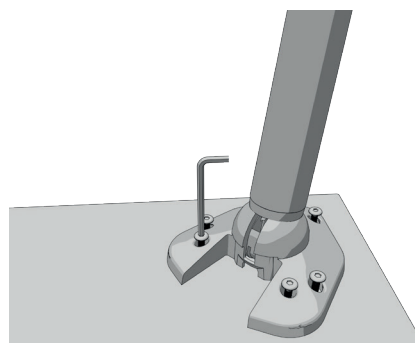

2 Position the 4 metal legs (b) onto the tabletop(a), aligning them carefully with the templates.

3 Insert 24 M6x12 dome head Allen bolts (c) into the screw holes of the positioned metal legs (b).

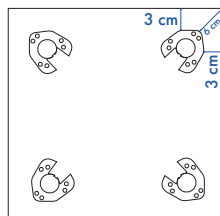

4 Tighten the bolts using an Allen key to securely fasten the metal legs (b) to the tabletop.

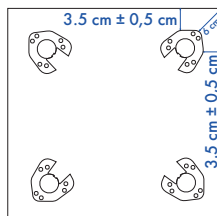

Templates

The screws are only suitable for compact tabletops with a thickness of 12 mm and are not compatible with dowel-free assembly.
